What payment options does PhonePe provide?__\n\n PhonePe is a new mobile payment solution. Our goal is to make digital payments so easy and safe that people never have to carry cash or cards again! What is the advantage of UPI transfers over wallets?__\n\n 'Unified Payment Interface' (UPI) is an instant payment system that allows you to transfer money directly from your bank account. The best part about UPI is that it allows you to make payments with a few clicks without the hassle of sharing bank a/c details or typing your card details, net banking password, OTP, etc. There are many advantages of UPI. The main advantage is that you don't have to block your money by loading it into a wallet. etails of users. As an alternative, RBI has authorised card networks and card issuers to offer card tokenisation services, which means the replacement of actual credit and debit card details with an alternate code called \xe2\x80\x9ctoken\xe2\x80\x9d. The user can either choose to tokenise their card by giving consent for future transactions or choose to continue without tokenisation.

What is a token? A token is generated when a user gives consent to Flipkart to tokenise their card. A token is a unique value for a combination of card, token requestor (Flipkart is a token requestor & accepts request from the customer for tokenisation of a card and passes it onto the card network to issue a corresponding token) and device. The token does not contain any personal information linked to your card and is generated only when a customer uses a new card for a successful transaction on Flipkart.

Is it safe to tokenise my card? Yes. A tokenised card transaction is considered safer as the actual card details are not shared with the Flipkart during transaction processing. Card information is stored with the authorised card networks or card issuers only and Flipkart does not store your 16-digit card number.

Is tokenisation of card mandatory? No, customer can choose whether or not to tokenise their card.

What happens if I don't give consent to secure my card? If you don't give consent to tokenise your card, you need to enter your card details for every transaction as stipulated under the RBI guidelines.

"savedVpaFAQ": "Why is my UPI being saved on Flipkart? It's quicker. You can save the hassle of typing in the complete UPI information every time you shop at Flipkart by saving your UPI details. You can make your payment by selecting the saved UPI ID of your choice at checkout. While this is obviously faster, it is also very secure.

Is it safe to save my UPI on Flipkart? Absolutely. Your UPI ID information is 100 percent safe with us. UPI ID details are non PCI compliant and are non confidential data.

What all UPI information does Flipkart store? Flipkart only stores UPI ID and payment provider details. We do not store UPI PIN/MPIN.

Can I delete my saved UPI? Yes, you can delete your UPI ID at any given time."

the date of delivery, which is based on the timelines shown on the product page. In this case, we add a day to the estimated date. Some courier partners and Sellers do not work on Sundays and this is factored in to the delivery dates. \n\n \_\_Why does the estimated delivery time vary for each seller?\_\_ \n\n You have probably noticed varying estimated delivery times for Sellers of the product you are interested in. Delivery times are influenced by product availability, geographic location of the Seller, your shipping destination and the courier partner's time-to-deliver to your location. \n\n Please enter your default pin code on the product page (you don't have to enter it every single time) to know more accurate delivery times on the product page itself. \n\n \_\_Seller does not/cannot ship to my area. Why?\_\_ \n\n Enter your pincode on the product page (you don't have to enter it every single time) to know whether the product can be delivered to your location. \n\n If you haven't provided your pincode until the checkout stage, the pincode in your last used shipping address will be used to check for serviceability. \n\n Whether your location can be serviced or not depends on:\n\n \* Whether the Seller actually ships to your location \n \* Legal restrictions, if any, in shipping particular products to your location \n \* The availability of reliable courier partners in your location \n\n At times Sellers prefer not to ship to certain locations. This is entirely at their discretion.\n\n More answers in our <a href='/pages/shipping' target='\_blank'>Shipping FAQs ></a>,"groceryDeliveryCharges":"\*\*Why is there a shipping charge?\*\*\r\n\r\nSupermart waives off the delivery charge for Orders over Rs 400. What payment options does PhonePe provide?"

PhonePe is a new mobile payment solution. Our goal is to make digital payments so easy and safe that people never have to carry cash or cards again! You can use PhonePe as a wallet or directly make transfers through your linked bank account using UPI. It's safe, easy and instant, you have to use it to believe it!\n\n\n\_\_What is UPI? What is the advantage of UPI transfers over wallets?\_\_\n\n\n'Unified Payment Interface' (UPI) is an instant payment system that allows you to transfer money directly from your bank account. The best part about UPI is that it allows you to make payments with a few clicks without the hassle of sharing bank a/c details or typing your card details, net banking password, OTP, etc. There are many advantages of UPI. The main advantage is that you don't have to block your money by loading it into a wallet. Simply link your bank account and then you can make seamless payments without having to worry about topping up a wallet, wallet spend limits or not earning interest on your money. Makes sense to use UPI for direct bank transfer rather than the plethora of wallets, doesn't it? \n\n\n\_\_Can I transfer funds from PhonePe wallet? If yes, how much can be transferred?\_\_\n\n\nYes, you can transfer funds from PhonePe wallet to your bank account using the Bank Account Number and Branch IFSC Code. You can transfer a maximum of ₹5,000 in a single transaction and a maximum of ₹25,000 in a month.\n\n\n\_\_Can I use an International phone number to activate PhonePe wallet?\_\_\n\n\nNo, currently PhonePe wallet is available only for domestic mobile numbers.", "giftcardFAQ": "\_\_How do I buy / gift a Flipkart Gift Card?\_\_\n\n\n1. As an alternative, RBI has authorised card networks and card issuers to offer card tokenisation services, which means the replacement of actual credit and debit card details with an alternate code called "token". The user can either choose to tokenise their card by giving consent for future transactions or choose to continue without tokenisation.\n\n\_\_What is a token?\_\_\n\nA token is generated when a user gives consent to Flipkart to tokenise their card. A token is a unique value for a combination of card, token requestor (Flipkart is a token requestor & accepts request from the customer for tokenisation of a card and passes it onto the card network to issue a corresponding token) and device. The token does not contain any personal information linked to your card and is generated only when a customer uses a new card for a successful transaction on Flipkart.\n\n\_\_Is it safe to tokenise my card?\_\_\n\nYes. What payment options does PhonePe provide?\_\_\n\nPhonePe is a new mobile payment solution. Our goal is to make digital payments so easy and safe that people never have to carry cash or cards again! You can use PhonePe as a wallet or directly make transfers through your linked bank account using UPI. It's safe, easy and instant, you have to use it to believe it!\n\n\_\_What is UPI? What is the advantage of UPI transfers over wallets?\_\_\n\n'Unified Payment Interface' (UPI) is an instant payment system that allows you to transfer money directly from your bank account. The best part about UPI is that it allows you to make payments with a few clicks without the hassle of sharing bank a/c details or typing your card details, net banking password, OTP, etc. There are many advantages of UPI. The main advantage is that you don't have to block your money by loading it into a wallet. Simply link your bank account and then you can make seamless payments without having to worry about topping up a wallet, wallet spend limits or not earning interest on your money. Makes sense to use UPI for direct bank transfer rather than the plethora of wallets, doesn't it? \n\n\_\_Can I transfer funds from PhonePe wallet? If yes, how much can be transferred?\_\_\n\nYes, you can transfer funds from PhonePe wallet to your bank account using the Bank Account Number and Branch IFSC Code.
